NON-TACKY

NON-YELLOWING

LumiGloss provides the ideal surface for brilliant shine while maintaining superior flexibility—making it compatible with both permanent and soak-off systems. This top gel is perfect as the surface for chrome and mirror effect application.

INSTRUCTIONS FOR USE

Over Gel, Tube Gels, Liquid & Powder:

1. After application, file nails into shape.
 2. Remove dust.
 3. Apply a thin coat of LumiGloss TG No Tack HF over entire nail surface.
 4. Place nails into the appropriate light and cure for at least 60 sec in a LED or LED/UV lamp.
-

Over Gel Polish:

1. After color application and curing, apply a thin coat of LumiGloss TG No Tack HF over entire nail surface.
 2. Place nails into the appropriate light and cure for at least 60 sec in a LED or LED/UV lamp.
-

Warnings/Disclaimers:

This product may thicken over time. Prolonged exposure to elevated temperatures can accelerate the thickening and negatively impact the application properties. This product must be kept in proper light-tight packaging.
